29th November 2024

Dear Parents and Carers,

Here at St Clements School, we are working with sustainable transport charity Sustrans to help reduce traffic congestion and pollution around the school by encouraging as many pupils as possible to walk, scoot or cycle to school instead of coming in a car.

As part of this, we are participating in the 'Leg it to Lapland' challenge, in which we are competing against other local schools. This will run from **December 2nd to December 6th**. All pupils who travel to school actively (journeys made on foot or non-motorised wheels) during this week will clock up virtual miles on our 2116 mile journey to Lapland. Every pupil who does at least two active journeys during the challenge, will be entered into a prize draw.

The winning school will be the one with the highest average proportion of active journeys (made on foot or non-motorised wheels) per pupil. The winning school will win a grand prize of a fantastic scooter stunt display by Terry Price and a scooter session for up to 100 pupils. One child at every school that runs the challenge, will win a scooter and there will be lots of other prizes available for children participating.

Please help us to win by making a special effort to walk your children to school or allow them to cycle or scoot. If you have to drive, but still want to take part, park at least 10 minutes away from the school and walk, cycle or scoot the rest of the way or drop off your child with a friend who walks to school and let them walk in together?

Thank you for your support!

Mr Everett
